

# About Us

**We are a Colombian frozen food industry, with good manufacturing practices certified in HACCP, which for more than 20 years has invited you to give a novel touch to your meals and events.**

# Our Mission

**We offer an experience of multicultural and innovative flavors, traditional recipes and natural foods from Lebanese and ethnic gastronomy, made with dedication by experts, to make your life easier in an exquisite way.**

# Our Vision

**We are and will be the leading company in the National and International market in the production and marketing of Lebanese and ethnic gastronomy products, where the well-being, development and empowerment of collaborators are the foundation of conscious and sustainable work that ensures the quality of products, profitability and greater customer satisfaction.**

# Quality

**We are committed to providing the best quality of our products, which is why we have the Critical Analysis and Control Point System (HACCP) certification granted by SGS.**

**Likewise, we work on respect, protection and rational use of natural resources.**

# Social Project

Understanding the social commitment of companies in the development of their activity, Fenicia Picadas Arabes carries out projects to support the country's food banks, donating approximately 5 tons of food per year.
